Our advantages

Email us for more

Tableware
complete sets & single pieces

1

ODM manufacturing

You may use our existing tableware designs and may make slight changes to sell it under your own brand name. Some examples of changes include branding, colors, or packaging.

2

OEM manufacturing

We can help to produce your unique products, you may offer us products that are fully designed by you and then contract with us to produce. OEM manufacturing may result research and development costs along with the time needed to create the design before it is ready to be manufactured.

3

A variety of materials, shapes and decals for your choices

We can produce tableware of different materials, such as bone china, new bone china and porcelain. In addition, we have a variety of unique shapes and exquisite decals, allowing you to have more choices and cost-effective references.
